Our website is up and running! Our deepest gratitude goes out to Lion Hugh Donagher in Seattle, WA. On this site you can easily navigate to keep up with our campaign progress.

It offers much information including a message from me as the candidate, qualifications, background information, testimonials, a donation area and a shopping section for magnets, coffee and shirts. You will find the shirts modeled by First Dude Normand Messier and myself.

There is also a section where Lions can go to post a testimonial. If you would like your testimonial on the site, send it to hugh@donagher.org. He is collecting them and they will be easily accessed for viewing.

Campaign Updates

Because You Are a Big Part of Our Success!

The MD 23 Connecticut Lions are fully engaged and have been very busy since our Multiple District Endorsement in September. We have a highly organized Campaign Committee that has been planning and meeting on a regular basis.

The New England Lions Council has voted unanimously to endorse our candidacy and many Lions all over New England have volunteered to help in any way they can.

Our Past International Directors have been enormously helpful with support and advice.

The feedback we receive everywhere we visit is all positive and very encouraging. Every Lion we spoke to asked how they can help.

Social media has been the other group of volunteers with nearly 9,000 followers. The Lions we meet let us know they are following us on the website, Facebook, Instagram, etc.
